EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Gugliotta on 3/2/06.

The application has been amended as follows:

Claim 16, after line 13 insert ---wherein one of said arms is a curvilinear extension arm and one of said arms is an angled extension arm, said curvilinear extension arm is coupled to said angled extension arm;---

Cancel claim 19

The following is an examiner's statement of reasons for allowance:

Claim 16 teaches a motorized cleaning apparatus with three extension arms, wherein one of the arms is curvilinear and one is angled. The curvilinear extension arm is coupled to the angled extension arm. Wherein one of the curvilinear or angled extension arms are coupled to the handle, and the handle, the curvilinear extension and angled extension arm form a U-shape for reaching elevated and recesses areas. None of the prior art, alone or in combination teach a curvilinear arm connected to an angled arm, which are then attached to the end of a handle of a motorized cleaning apparatus so as to form a U-shaped extension. Therefore, the application is free from the prior art.

Art Unit: 1744

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
